CMS Hospital Provider Cost Report FY2021-24 and Provider of Services file Q3 2026; HHS hospital capacity by facility (May 2023 to April 2024); U.S. Census Bureau ACS 2020-24, block groups, TIGER/Line 2024 roads. All public domain. A scenario, not a forecast. Drive times by Plotlay on TIGER/Line roads. Made with Plotlay (getplotlay.com).

THE DRIVE TO THE NEAREST HOSPITAL

Oklahoma's block groups, each driven from its centre of population to the nearest hospital open to everyone on TIGER/Line roads, if the 16 hospitals that meet the rule closed. The map joins block groups of one county in the same 15-minute band.

Minutes to the nearest hospital if they closed

Average drive today (min)

10.7

If they closed (min)

12.8

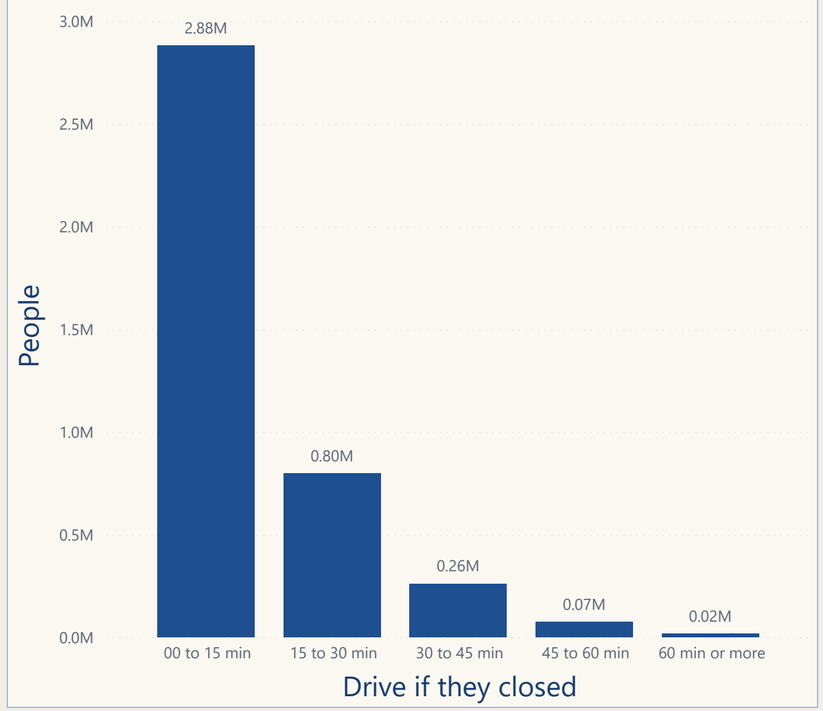

Over 30 min today

133K

Over 30 min if they closed

349K

People by the drive if they closed
